

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ye Ren October 30, 2009.

#### **In the claims:**

**Claim 11.** (Currently Amended) The remote control according to claim 8 [9], wherein the first and second transformer parts each comprise a core with at least one of the cores including a permanent magnet.

**Claim 12.** (Currently Amended) The remote control according to claim 8 [9], wherein the transformer is configured to transmit information related to the assignment mode.

**Claim 13.** (Currently Amended) The remote control according to claim 8 [9], wherein the transformer is configured to transmit information related to an initialization mode.

**Claim 16.** (Currently Amended) The remote control according to claim 8 [15], wherein the first coil is arranged in a first electric circuit, the first electric circuit comprising a filter tuned to the specific frequency.

**Claim 20.** (Currently Amended) The remote control system according to claim 17 [19], wherein the first coil is arranged in a first electric circuit, the first electric circuit comprising a filter tuned to the specific frequency.

***Conclusion***

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Fekadeselassie Girma whose telephone number is (571) 270-5886. The examiner can normally be reached on Monday thru Friday, 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Daniel J. Wu can be reached on 571-272-2964. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
